

Ask A Question

You don't know what you don't know.

Everyone knows something, or better said: everyone believes something whether it is true or false, right or wrong. Do you know the truth? How do you know? How can you know? Everyone thinks whatever they know is the truth. When it comes to God and the Bible, most everyone believes something that is not the truth. They believe something someone taught them from their earliest years and throughout their life, and accept that something as fact, without question. Sadly, they don't know that they don't know.

You can know the truth, but you must seek the truth. You can never grow in the knowledge of the truth unless you investigate, explore, and ask the questions. This is true in everything and very true when it comes to God and the Bible, and things of the Spirit.

If you have grown up in a religion, the odds are overwhelming that you have learned something other than the truth of the Bible, and probably right out of the Bible itself. You're not alone. This has been going on for 500 years, ever since there was a Bible to read and people literate enough to read it. This false information has affected billions of people in the past and billions alive today.

Yet, the truth is readily available and easy to understand. This truth does not come from man. No person can give you, or teach you the truth. Bible truth, the kind you want to find, can only come from God. When you pursue God, when you seek, ask, and knock, He will reveal to you the truth. This is not only a promise God makes to you, it is a **GUARANTEE!** When you recognize that the truth you find comes from God, you will know it is the truth indeed and the truth will set you free from so many errors that permeate our world today. PPGpilot is a facilitator in your pursuit. Start today. It only takes a question.

If you are not a child of God, it is certain that you know nothing about God or anything that pertains to the Bible and the truth. Whatever you think you know is wrong. That's absolutely normal. When you come to God, he accepts you as you are: no experience required. In fact, you will never know anything until you ask God to be your God and to change your life. God has taken the first step, now, it is up to you.

Whether you have grown up in a religion, or never darkened a church doorway, an entire world of truth awaits you that will change your life.
