

Dinosaurs

In the beginning, God created the world and all that is in it. This includes all the animals. Dinosaurs are animals that God created. Big reptiles, really. How long ago this happened, nobody knows. It is unknown and unknowable. And it is also unimportant. The single theme of the Bible throughout is not animals or dinosaurs. It is God and Man:

- where did man come from
- why did God create man
- what happened to separate God and man
- God's plan to reconcile mankind to Himself.

The Bible does say that Adam and Eve sinned and were removed from the Garden of Eden 6000 years ago. Taking this time out of context, some religious sects believe our world is only 6000 years old. That is an error due to a faulty understanding of all things Bible.

After Adam and Eve's transgression, there came a point when humanity had completely corrupted itself in the world, and the thoughts and imaginations of man were evil continually (think sexual perversions). There was no remedy for mankind going forward, so, God destroyed the wicked world with a flood. Before doing so, He tasked Noah with the job of building an Ark to save all the kinds of living creatures in the world. God gave Noah **120 years** to accomplish his task.

Genesis 6:3 And the LORD said, My spirit shall not always strive with man, for that he also is flesh: yet his days shall be an hundred and twenty years.

6:5 And GOD saw that the wickedness of man [was] great in the earth, and [that] every imagination of the thoughts of his heart [was] only evil continually.

7 And the LORD said, I will destroy man whom I have created from the face of the earth; both man, and beast, and the creeping thing, and the fowls of the air; for it repenteth me that I have made them.

8 ¶ But Noah found grace in the eyes of the LORD.

11 ¶ The earth also was corrupt before God, and the earth was filled with violence.

14 Make thee an ark of gopher wood; rooms shalt thou make in the ark,

17 And, behold, I, even I, do bring a flood of waters upon the earth, to destroy all flesh, wherein [is] the breath of life, from under heaven; [and] every thing that [is] in the earth shall die.

God would save only Noah and his family: his wife, their three sons and their wives. He would also save all the kinds of animals. Notice the word "Grace". This is the same grace God offers everyone today who turns to God. That's why this period of time is called "The Age of Grace". It is a 2000-year period beginning at Christ's ascension, the last 2000 years of humanity that began 2000 years ago.

As you can see, this time is complete. In perspective, if these were the days of Noah, the ark would now be complete.

Fun Fact: Every person on the planet today is related to Noah and his three sons.

Genesis 6: 18 But with thee will I establish my covenant; and thou shalt come into the ark, thou, and thy sons, and thy wife, and thy sons' wives with thee.

The Ark would include animals. Not all the animals in the world, but a collection of animals representing every kind.

Genesis 6:19 And of every living thing of all flesh, **two of every [sort]** shalt thou bring into the ark, to keep [them] alive with thee; they shall be male and female.

20 Of fowls **after their kind**, and of cattle after their kind, of every creeping thing of the earth **after his kind**, **two of every [sort]** shall come unto thee, to keep [them] alive.

When the Bible says "after his kind", "**his**" denotes the male and his female. Also, it does not say two of every breed. There would not be two Poodles, two Pomeranian's, two Greyhounds. These are all the same **kind**: dog. There would be on the Ark a male and his female dog, cat, and so on, including dinosaurs. There would **not** be two Brontosaurus, two Pterodactyls, and two Tyrannosaurus-Rex. To satisfy God's command of "kind" would only require a lizard and his female, and not a very big one at that.

Not every derivative of every species survived the flood. Every kind did survive the flood. What do you bet the pre-flood world and the post-flood world were very different, one from the other? They were indeed. God knew that the various species that flourished in the pre-flood world, under a vapor canopy, in a world-wide moderate climate, with lots of luscious and succulent plants, could not survive in a post-flood world. These types of animals that could not survive, God omitted, but their kind did survive.

Bottom line:

The dinosaur "kind" survived, but not all the species. What we call dinosaurs, the giant lizards, could not have lived in the post flood world - our world today.

Fossils

The great flood that covered the earth buried everything, including dinosaurs. Big surprise, when you dig in the dirt today, you may find buried dinosaur remains called fossils. What the Bible calls "science so called" believes these fossils are very old, into the millions of years. But they really don't know how old, and they can't possibly know because they weren't there. There is no evidence or formula to determine the age of the fossils, or how long ago the dinosaurs lived. It is something these individuals choose to believe and as such, it is a religion, their religion. It is one of the many religious belief systems in our world of "**anything but God and the Bible**".

Why all the Confusion?

In a word: Satan.

Why is there so much confusion about the Bible, religion, history, the world, the age of the world, dinosaurs, the battle between who is right and wrong?

Satan is the master of confusion. He wants to keep everyone in ignorance so that no one will turn to God so as to receive the truth and find salvation, and he is very good at his craft. Beginning with our first parents, Adam and Eve, Satan destroyed man's relationship with God. Then, through a myriad of false religions and errant religious beliefs and unbelief, Satan has wrecked most of the populations of the last 6000 years to damnation through misdirection, distraction, deceptions, lies, false imaginings, false science, hiding, corrupting, and distorting the Bible through men who are void of understanding, false gospels, false gods, a different god, a different Jesus, and these attacks continue in earnest to this day.

The Devil wants to sully every person on earth. He wants as many souls as possible to remain lost in their sins, ignorant, estranged from God, bowing to their sins, passions, and lusts, and thereby condemned to hell with him for all eternity. The vast majority of religions throughout history, the religions of today, and the religious people that follow these false religions, fall into this category. This adds up to billions of people past and billions present.

Satan wants to discredit the Bible in every way possible so that people will turn away from God in disbelief, or not find God, hear God, or not believe God's Word. Satan does this through men, even well-meaning individuals duped by his lies. Satan created the evolution charade, and not that long ago, to cast doubt in the minds of people. This same kind of thing he has done for generations over the centuries.

Fun Fact: Religion of every type is the single greatest satanic deception ever perpetrated upon the people of this world, from idolatry, Confucianism, Islam, Christianity, and the rest.

The Body of Christ is not religion, it is a relationship with God, and the abiding Spirit of God.

Don't be fooled by the Devil!

Forget the corrupt religions of our day. Decide to have a relationship with God and join the Body of Christ. God will give to you His Spirit and you will know the truth that will set you free!
