

## The Coming Climate Emergency

---

In recent years, much has been said about the weather: Global Cooling, Global Warming, and finally, after getting it so wrong for so long, “they” chose a catch-all to fit any and all occasions: Climate Change. Based on the past predictions of these “prophets”, the coast lines of the world should now be underwater. They’re not. Awkward!

Today the new catch-phrase is “Climate Emergency”. Old package, new wrapper. A needed face-lift as their faithful are dwindling and they need to stir up the populous.

### The Real Climate Emergency

There is Good News for the climate-mongers that should make them feel much better. There is, in fact, a climate emergency on the horizon and it will be upon us sooner than they expect. Those who are screaming “climate change” the loudest will be taken completely by surprise, knocked off guard by its appearing, its timing, the speed of change, its ferocity, and the scope of its impact. In all their imaginary doomsday scare scenarios, they never imagined anything like what is coming to them. Be careful what you wish for (:o)

The following is a partial list of what most all of mankind will face in the coming climate emergency in the very near future.

#### The Book of the Revelation

- There will be famine
- one-quarter of the earth population will perish
- a great earthquake;
- the sun will become black as sackcloth of hair,
- the moon will become as blood;
- the stars of heaven will fall unto the earth,
- the sky will depart as a scroll when it is rolled together
- and the heaven will depart
- every mountain and island will be moved out of their places

#### Revelation 6:

**15 And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains;**

**16 And said to the mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb:**

**17 For the great day of his wrath is come; and who shall be able to stand?**

- There will be no wind blowing upon the earth, nor on the sea, nor on any tree.
- Then there will be thunder and lightning, and an earthquake
- Hail and fire mingled with blood will fall from the sky
- The third part of all trees will be burnt up
- All green grass will be burnt up.

- A great rock the size of a mountain burning with fire will fall into the sea
- the third part of the sea will become blood,
- A third of the creatures that live in the sea shall perish
- A third of the ships in the sea will be destroyed
- A great burning star will fall from Heaven onto a third part of the rivers and the water and the fountain of waters
- A third of the water will become bitter and many people will die from drinking it
- the sun will be smitten, and the third part of the moon, and the third part of the stars; so as the third part of them will be darkened, and the day will not shine for a third part of it, and the night likewise.

At this point you may hear something strange, an angel flying through the midst of heaven, saying with a loud voice, Woe, Woe, Woe, to the inhabitants of the earth by reason of the other voices of the trumpet of the three angels, which are yet to sound!

So, as you might imagine, the climate emergency is going to get worse still.

- And due to all the climate emergency, the bottomless pit will open and from it will arise a smoke out of the pit, as the smoke of a great furnace
- The sun and the air will be darkened by reason of the smoke of the pit.
- Out of the smoke, locusts will come upon the earth: and unto them is given power, as the scorpions of the earth have power.
- And the locusts will not kill, but they will torment the people for five months, like the torment of a scorpion, when it strikes a man.

Because of this climate emergency, men will seek death, and shall not find it; and shall desire to die, and death shall flee from them.

- A third of all people on the earth will die by fire, and by the smoke, and by the brimstone,
- It will not rain
- The waters will turn to blood,
- Plagues will fill the earth
- A great earthquake will follow these things in which thousands will die
- Then, thunder and lighting, an earthquake, and great hail shall fall from the sky

Just when you think it couldn't possibly get any worse, the devil and his angels are thrown down to earth and they are mad as hell. (no pun intended)

**Revelation 12:12 Woe to the inhabitants of the earth and of the sea! for the devil is come down unto you, having great wrath, because he knoweth that he hath but a short time.**

- And the people will be afflicted with a noisome and grievous sore
- All the sea will turn to blood
- All that is in the sea will die
- All of the water on earth will turn to blood
- Solar flares will be so extreme that men will be scorched with fire
- Then thunder and lighting

- Then an earthquake like none other ever in the history of the world and all the cities of all the nations will fall
- All the islands will sink
- All the mountains will disappear
- And then, hail. Hailstones, 100 pounds each, will fall to the earth and will kill men.
- Finally, the weather report will call for dark suffocating clouds, falling ash (so be sure to wear your masks!), the radiation count will be off the charts, and the high for the day will be 540,000 degrees, but it will feel like 550,000.

Wow! Now that's climate change. Feel free to use the above as your program while you sit back and enjoy the show. You are going to have a front row seat!

Unlike the many decades of shouting "the climate change is coming, the climate change is coming" only to see no change at all, this climate emergency will begin suddenly and last but seven years. In that seven years the earth will be utterly destroyed.

**And yes! This climate emergency will be caused by the people of the earth and what they have done!**

**Fortunately** for the climate mongers, they don't believe in God or the Bible, or that God will punish them and this sin-filled world, or that there is a Hell. They deny God, the laws of God, morality, truth, salvation, the rapture of the Body of Christ, the Tribulation or the Great White Throne Judgment, the eternal lake of fire and eternal torment for the wicked of our world. So, they have nothing to worry about, right? Wrong! They can believe whatever made-up fantasy they choose. It doesn't make the wrath of God or God's judgment go away...

**Now for the really good news:** only those who do not belong to God, whose names are not written in the Lambs Book of Life will see this climate emergency up close and personal - the whole thing from start to finish. They cannot escape it. They will want death, but no.

**Here is even better news.** If you do not belong to God, **it is not too late**, yet, but the time is all but gone.

- Turn from the wickedness of this world and your lies and lusts,
- Turn from the lies of the devil
- Turn from the trappings of Satan.
- Confess your need for God and ask God to help you.
- Tell God you want to belong to Him.
- Decide here and now to be a child of God.
- Decide to turn from your sins and trust God to direct your path.

God promises he will accept you. You will understand the Bible and learn all about God and life. It's really that simple.

Then, forget about the weather. The coming climate emergency is not for you.
